- Gentle on skin with pleasant, yet mild fresh smell
- Savings opportunity when cleaning adhesive residue off prefinished wood flooring

Composition

100% polypropylene fiber soaked in liquid detergent

Technical Data

Packaging:	Plastic pail containing 72 cloths / 6 pails per box
Shelf Life:	Min. 24 months
Storage:	Shelf life 24 months at normal room temperature

Disposal

Used cleaning cloths can be disposed as household waste. Empty plastic containers are recyclable.

Caution

For external use only. Avoid contact with eyes. Protect containers from sources of strong heat. Keep out of reach of children.

Application

Open cap on PALLMANN® CLEAN-BOX, pull out wipe to expose perforations and tear off. Clean by dabbing, allowing cleaner to work on the residues or stain, then wipe or rub until fully removed. If necessary, repeat procedure. Keep cap closed when not using to prevent evaporation. Fully cured adhesive will need to be removed by mechanical means.
